Portfolio

Versatile PhD gradstudies./fsu.edu/professional-development/Versatile-PhD

If you're concerned about the academic job market, or thinking about non-academic careers, now is a great time to take advantage of Versatile PhD. PhDs go many places, although it can be challenging to find them. VPhD's features and resources can help you connect with them. We subscribe to VPhD's resources, and you have access to them!

Versatile PhD is an online resource designed to help STEM, humanities, social science PhDs identify, prepare for, and succeed in non-academic careers. Graduate students, faculty, and others have free access to premium resources provided through the University's subscription to Versatile PhD. For access, please start by [clicking here to authenticate](#) yourself as a Florida State University affiliate.

Once you reach Versatile PhD, visit the PhD Career Finder to see:

RESUME: Authentic resumes and cover letters that got real PhDs their first jobs away from the faculty track, with detailed analysis that describes how they made the non-academic pivot and shows the application and hiring process step by step.

BIO: Inspiring first-person stories by experienced non-academic PhDs describing how their careers evolved over several years after moving out of the academy, including promotions, advancement, and signature accomplishments.

Professional Development

The Graduate School's Professional Development efforts (e.g., workshops, certificate programs, faculty shadowing program, scholarly integrity course) are designed to enhance the academic training of graduate students and postdoctoral scholars within the competencies of **Communication, Teaching, Scholarly Development** (advanced knowledge and skills in the field), **Professionalism** (leadership, scholarly integrity, transferable skills), and **Career Development**. We promote professional development so that when graduate students and postdoctoral scholars enter their careers—whether in academia, the private sector, government, or non-profit organizations—they are prepared and confident.

The Graduate School also partners with other FSU units to provide professional development opportunities. Within this **catalog** are the wide range of recurring professional development workshops, certificates, programs, and events offered also by the [University Libraries](#) , [Office of Distance Learning](#) , [Career Center](#) , [Center for Global Engagement](#) , [Center for Intensive English Studies](#) , and [Center for Leadership and Social Change](#) . For a matrix of recurring professional development opportunities grouped by core competency labeled by stage of study, [click here](#) .

Workshops

You want me to describe my dissertation topic in three minutes? Really? [Late stage, PFF, PFI]

September 7, 2017, 10:00 AM

Honors, Scholars & Fellows House, Great Hall (4th floor)

Presenter: Dr. Judith Devine, Senior Associate Dean, FSU Graduate School

The Three Minute Thesis (3MT™) is a doctoral research communication competition developed by The University of Queensland, Australia. This competition supports the development of doctoral students' capacities to effectively explain their research in language appropriate for a non-specialist audience—using only one slide. In preparation for the fall 2016 competition, this workshop will demonstrate effective techniques for 3MT slide development. Refreshments will be provided by the Congress of Graduate Students.

Preparing Cover Letters & Application Packets for Academic Positions [PFF/PIE]

September 14, 2017, 10:00 AM

Honors, Scholars & Fellows House, Great Hall (4th floor)

Presenter: Dr. Brad Gomez, Associate Professor and Placement Director, Political Science

Do you know how to craft a cover letter and application packet for an academic position? What can you do to convince a search committee you after reviewing your application materials? Participate in this workshop for a discussion of effective cover letters and application materials. Refreshments will be provided by the Congress of Graduate Students.
