WEEKLY DIGEST
April 17, 2019

SPRING SEMESTER 3-PARTS GRANTS WORKSHOP – PART II

April 26, 2019 12 to 3 pm. Sign up for a time block to have your prepared Specific Aims page critiqued by a panel of experts in your field. This is the heart of every successful grant proposal.

Click [here](#) for a helpful document to writing your specific aims

July 26, 2019 12 to 3 pm. Sign up for a time block to have your full grant proposal critiqued by a mock study section of experts in your field. Then take your reviews, modify your full proposal and submit to your targeted agency to receive your intramural award from FSU. You do not have to be awarded your proposed grant to receive the intramural support, but you must complete all three workshop dates and be responsive to the available experts!

SPRING 2019 - “WELCOME” MINI-ORIENTATION

April 29, 2019, Honors, Scholars & Fellows House, Room 3009, 12 PM

If you are a new postdoctoral scholar to the FSU campus, this “Welcome” is a nice brown bag lunch activity that will fit into your busy schedule. The design will be limited to strictly a 1-hour session, where you will receive the essentials of getting your research started at FSU and have access to Human Resources and Office of Postdoctoral Affairs Staff. At this time, you will also be introduced to the Postdoctoral Association (PDA) – your peer network of postdocs on campus. Attending a ‘welcome’ in your first few months of employment at FSU will serve to fulfill your mandatory orientation. For more information, please contact Debi Fadool at dfadool@bio.fsu.edu.

Here is the agenda for the April Welcome:

12:00 pm: Welcome: Debra Ann Fadool, Director of the Office of Postdoctoral Affairs (OPDA)

12:05 – 12:15 pm: Luciana Hornung, Assistant Director for the Center for Global Engagement (VISA, International Scholars)

12:15 – 12:25 pm: Lisa Liseno, Assistant Dean, Director of Instructional Excellence (Teaching Postdoctoral Scholars)

12:25 -12:40 pm: Debra Fadool, Opportunities, Resources, Annual Events, and Policies

12:40 – 12:50 pm: Kathy Worthman, Human Resources (health Insurance, OPS and Campus Benefits)

12:50 – 1:00 pm: Tim Colston, Vice-President of the Postdoctoral Association (PDA Activities)

Click this [link](#) to register for the welcome

POSTDOCTORAL ASSOCIATION SPRING 2019 EVENT

FSU POSTDOCTORAL ASSOCIATION SPRING EVENT

The Balanced Postdoc

Towards a Fulfilling Career and Life

Dr. Samantha Nix

Kyle Caswell

Schedule:

- 1:00 pm Welcome**
FSU Postdoctoral Association &
Renisha Gibbs, Associate Vice President for Human Resources
- 1:15 pm "Stressed Out!" Stress Management Training**
Kyle Caswell, MS, LMHC, MCAP, FSU Employee Assistance Program
- 2:30 pm Coffee break**
- 2:50 pm "Achieving Balance" Time Management Workshop**
Dr. Samantha Nix, FSU Academic Center for Excellence
- 4:00 pm "Finding a Work/Life Balance"**
Q&A Discussion with a Panel of Faculty and Professionals
- 5:00 pm Networking**
Social Hour and Reception

Friday, May 10, 2019 | 1:00PM
Nancy H. Marcus Great Hall
Honors, Scholars, and Fellows House

To Register: https://fsu.qualtrics.com/jfe/form/SV_9Z77yoVnvPUmYpn

On Friday, May 10, 2019, the FSU Postdoctoral Association will host their annual spring event, beginning at 1:00 pm in the Nancy H. Marcus Great Hall, in the Honors, Scholars, and Fellows House.

The title of this year's event is **"The Balanced Postdoc"** *Towards a Fulfilling Career and Life*.

ACCOMPLISHMENTS – ACHIEVEMENTS – RESEARCH

Postdocs, would you like help to disseminate your research, service, and mentoring achievements to a broader audience via the [@FSU Postdocs](#) Twitter account? If you have exciting new findings, just been published, received a grant or award, got hired for a new position, or have other accomplishments you would like to share for yourself or your mentees, please share them with us.

Just send the content to be tweeted to Biological Science postdoc Matt Holding at mlholding@fsu.edu and it will be shared on [@FSU Postdocs](#). Use the following guidelines to prepare your content:

Send links to papers or websites, photos of the activity, or other material that isn't just text. Tweets get more traction if they contain content other than text alone.

Provide less than 280 characters of text for the tweet describing the activity. Include Twitter handles for your colleagues/collaborators where appropriate, if you know

them, and any #hashtags to which the tweet can link. We can also retweet content you put out on our own Twitter account if you drop us a line with your Twitter handle and the specific tweet we should retweet.

COMING SOON: “POSTDOC WORLD”

The Graduate School has embarked on an exciting new initiative to develop a brand new interactive video archive for all graduate students, postdocs, faculty and alumni called [Grad World FSU](#). This was an idea inspired by Dr. Harry Kroto, and his GEOSSET project at FSU. Our pilot study has concluded and the website is now in the final stages of development. We already have 100 videos on the Grad World FSU site, but what is needed now is postdoc participation to get this initiative off the ground.

A website similar to this [one](#) titled Postdoc World is in the works for postdoc scholars. We will let all know when that site is up and running. In the meantime, we encourage postdocs to go to the [Grad World](#) website to create your video.

What is Grad World FSU?

Grad World FSU is a revolutionary website that looks and feels very similar to Google Earth, displaying a variety of personalized videos from graduate students, postdocs, alumni and faculty for the purpose of showcasing their outstanding achievements and contributions to Florida State University. This is an extraordinary opportunity for everyone around the world to see your passion, interests, and research goals and learn more about our wonderful university. As you know graduate school, and postdoc opportunities change lives and the world for the better! Once others see you talking with such enthusiasm and excitement about all of the amazing things you are doing, they too will want to join in on the fun and become part of this great scholarly community known as “Family FSU”, or if they are employees, maybe even offer you a job.

How to Contribute?

Interested postdocs can choose to complete one of two video options: Option 1.) a self-filmed [Questionnaire Video](#) where you would answer a few questions using a cell phone, digital camera or the Screencast-O-Matic webcam software, or Option 2.) a [GEOSSET PowerPoint Video](#) in which you would reserve a time to meet with the GEOSSET Studio team in the Dirac Library to create a guided video/PowerPoint presentation to present a compelling oration of your research interests, or work at FSU. And remember, if English is not your native language, we encourage you to complete a second video in your native tongue so everyone in the world can enjoy it.

There are helpful tutorials available on how to create your questionnaire video available on this [website](#).

If you are interested in booking your recording session in the GEOSSET studio, please click on this link: https://fsu.qualtrics.com/jfe/form/SV_38Kipwda3eQrgxf

NEW POSTDOC SCIENCE INITIATIVE

The Journal of Postdoctoral Research www.postdocjournal.com has been publishing postdoc research for several years now and is currently working on a spin-off journal entitled 'Postdoc Life Science'. This new journal will be focusing only on life sciences research with the goal to be indexed in MEDLINE/PubMed. The launch date is set for 1st April 2019.

Please note of the following rich possibilities and benefits of the new Postdoc Life Science Journal and how it can make a difference in your research career:

1. Call for papers: We are inviting research papers, reviews, methodologies, commentaries, perspectives, progress articles, clinical case summaries and research highlights to be published in the upcoming issues of Postdoc Life Science. Submissions for the inaugural issue may be sent-in by March 1st.

2. We are inviting nominations for our **Postdoc of the Month award**. Please send-in nominations [self, or PI recommended] to Editor-in-Chief@PostdocJournal.Com. Only Postdocs in life sciences are eligible to apply.

3. Editorial and other activities are available for postdocs; please touch base with us with a brief description on your interests. In addition, we are proposing an associate editor position for a post-doc association (PDA) board member who could bridge between the journal and PDA to update the editorial board on current postdoctoral publications and activities.

This new initiative will showcase and highlight former, current and future postdoc's contribution to life sciences research, conduct exclusive international conferences, recognize accomplished postdocs with monetary awards and institute postdoctoral research grants, just to name a few.

CANCER CONTROL RESEARCH TRAINING PROGRAM

The University of Rochester Medical Center Cancer Control & Psychoneuroimmunology Laboratory is actively seeking outstanding candidates for their upcoming group of Fellows for 2018. The applicants should be interested in longitudinal studies and clinical trials on translational (e.g. biomarker) symptom science research and/or cancer-related cognitive impairment research to work closely with Dr. Michelle Janelsins (Associate Professor) and her research team. Candidates they are interested in come from a variety of backgrounds including, but not limited to, neuroscience, cognitive science, clinical psychology, epidemiology, clinical trials, applied sciences, and many more.

For more information, and to apply, please click [here](#).

Materials can be sent directly to Dr. [Michelle Janelsins](#) or Dr. [Gary Morrow](#) (Program Director)

JOBS

Below is a sampling of open positions in the United States –

Postdoctoral Positions Available -

Looking for motivated Postdocs to research mechanisms involved in regulated remodeling of muscle T-tubule membranes in fly models of human myopathy *with funding for immediate start date!*

For more information, please click [here](#) to view flyer. Please contact Dr. Amy Kiger, Section of Cell & Development Biology, University of California, San Diego at: akiger@ucsd.edu.

POSTDOCTORAL AND RESEARCH SCIENTIST POSITIONS

The Kaczorowski Lab at The Jackson Laboratory is seeking Postdoctoral and Research Scientist Level personnel to investigate mechanisms underlying susceptibility and resilience to normal aging and Alzheimer's disease (<https://www.neuro-central.com/2018/09/19/risk-resilience-understanding-role-genetics-alzheimers-disease/>). Dr. Kaczorowski is an Associate Professor and the Evnin Family Endowed Chair in Alzheimer's Research at the Jackson Laboratory – a research institution specializing in genetics and genomics in order to discover solutions for disease. Projects leverage new translational mouse models, electrophysiology, circuit mapping and genome engineering to decipher how genetic and environmental factors interact to influence learning and memory abilities, cognitive aging, neurodegeneration, and Alzheimer's. Sources of support include NIH, Bright Focus, and The Glenn Foundation for Medical Research, as well as generous philanthropy awards in support of research and innovation in areas of normal aging and Alzheimer's disease.

Exceptional candidates will have the opportunity to apply for the prestigious JAX Scholar award, which supports promising early-career postdoctoral associates conducting cutting edge biomedical and basic biological research at JAX. The award includes an independent research and travel budget and a salary above our standard postdoctoral scale <https://www.jax.org/education-and-learning/pre-and-postdoctoral-program/jax-scholars>.

To apply, please submit (1) a cover letter describing past research accomplishments, research interests, and career goals, (2) a current CV, and (3) the contact information of three references to catherine.kaczorowski@jax.org

Assistant Professor – Department of Biology (Job number: 10609)

Tenure-Track position in Developmental Molecular Genetics: As part of an expansion in molecular genetics research, West Virginia University invites applications for a tenure-track

position at the Assistant Professor level in the Department of Biology (<http://biology.wvu.edu>) to begin August 2019. We seek an individual who uses molecular and/or functional genomic approaches to explore integrative questions about development in non-mammalian animal model systems. Applicants should have a broad biology background and strong interdisciplinary skills to develop an externally funded independent research program. Applicants should also have an openness to collaborative research and a desire to contribute to the undergraduate and graduate research and teaching missions of the department. Requirements include a PhD or equivalent degree in biology or a related field, a strong record of scholarly publications, strong post-doctoral experience, excellent written and oral communication skills, and the potential to secure external funding.

WVU, located in Morgantown, is a comprehensive land grant university enrolling about 30,000 students in over 100 degree programs. Our Carnegie Classification is “Doctoral Universities: Highest Research Activity.” The Department of Biology at West Virginia University offers a diverse, highly productive and well-funded research environment that is highly supportive of new junior faculty. Existing departmental strengths include molecular genetics, behavioral neurobiology, and genomics.

To apply, please visit <https://careers.wvu.edu>, navigate to the position title listed above, and upload a single PDF file including a cover letter, curriculum vitae with a list of publications, a succinct outline of future research plans, and a one page teaching statement. In addition, arrange for 3 letters of reference to be sent electronically to WVUBiology@mail.wvu.edu. Review of completed applications will begin on January 21, 2019 and will continue until the position is filled. For more information about the position, contact Kevin C. Daly at kcdaly@mail.wvu.edu. For more information about WVU and the city of Morgantown, WV: <https://biology.wvu.edu/about/jobs/about-morgantown>.

Florida College System seeks to fill a position for Executive Director, Florida Student Success Center.

The Florida Student Success Center (FSSC) serves as an intermediary between colleges, and provides greater opportunities for colleges to collaborate and learn from one another. The Executive Director works under the supervision of the Chancellor of the Florida College System. For more information on the role of the position, qualifications and to apply please, click [here](#).

Florida Conservation Corps - Opportunities

FLCC is recruiting for two exciting project areas.

The mission of the Florida Conservation Corps is to develop natural and cultural resource leaders by connecting them to areas of critical need in conservation, preservation, interpretation and

resource based recreation. Click [here](#) to download flyer. For more information about FLCC, please visit their webpage at <https://www.floridastateparks.org/florida-conservation-corps>.
