**July 17, 2019**

**UNDERGRADUATE RESEARCH OPPORTUNITY PROGRAM (UROP) MENTOR SESSIONS –  
JULY 25<sup>TH</sup> AND AUGUST 6<sup>TH</sup>, 2019**

Research Mentor Info sessions for faculty, postdoctoral researchers, graduate students, and campus partners to learn more about the Undergraduate Research Opportunity Program (UROP)!

Are you currently working on a project and need help with your research? As UROP Research Mentors, faculty members, postdoctoral researchers, graduate students, and campus partners can have student research assistants for an academic year at no cost.

Come learn more about becoming an Undergraduate Research Opportunity Program (UROP) Research Mentor. At this session, you will hear about the benefits of working with a UROP research assistant as well as associated funding and awards, including perspectives from previous UROP Research Mentors and UROP students in the program.

Thursday, July 25 - 2 to 3 p.m.

Tuesday, August 6 - 11 to noon

Info sessions are held in the Honors, Scholars, and Fellows House, 3rd floor, room 3008. The deadline to submit a UROP project proposal is August 12, 2019. Please visit <https://cre.fsu.edu/research-mentor-information> to learn more about UROP and submit a project proposal. If you have any questions about UROP or submitting a project proposal, please contact Alicia Batailles, CRE Associate Director and UROP Coordinator, at [alicia.batailles@fsu.edu](mailto:alicia.batailles@fsu.edu).

Let us know you're coming on Facebook: <https://www.facebook.com/events/2516541208573540/>

## NEW POSTDOC ORIENTATION – AUGUST 16<sup>TH</sup>, 2019

Want to find out about grant writing workshops, travel awards, time off policies, health insurance options, leadership involvement with the postdoctoral association, or connect with other postdocs on campus? There is a required new postdoctoral orientation on August 16th, 8:30 am to 3:00 pm in the Honors, Scholars & Fellows Building (HSF). This orientation is for postdoctoral scholars and their mentors that have been on the FSU campus for one year or less. The orientation will cover postdoctoral policies, resources, funding opportunities, salary/benefits, formulation of your IDP postdoc network & programs. All registrants will receive a thumb drive with the FSU handbook, professional development text books (HHMI Making the Right Moves, Mentor Training from the National Academy, Advancing Postdoc Women Guidebook), and all forms/documents needed during your training time at FSU. Dedicated time in the morning section of the orientation (9:30 to 11 am) will be provided to formulate your Individual Development Plan (IDP) with your advisor. The IDP is a required plan to be developed by all postdocs at FSU and is also required for non-competitive renewal reports for investigators receiving salary from NIH grants.

- If you have additional questions, please contact Debra Ann Fadool at [dfadool@bio.fsu.edu](mailto:dfadool@bio.fsu.edu).
- To REGISTER for orientation and lunch for you and your advisor by August 13<sup>th</sup> - [https://fsu.qualtrics.com/jfe/form/SV\\_5vSF1uPyVhcgfWJ](https://fsu.qualtrics.com/jfe/form/SV_5vSF1uPyVhcgfWJ)
- or visit <https://opda.fsu.edu/policies-and-hiring/new-postdoctoral-orientation> for more information

## FALL SYMPOSIUM

### AND 5 MINUTE RESEARCH COMPETITION – SEPTEMBER 20<sup>TH</sup>

### PRACTICE SESSIONS WILL BEGIN AUGUST 7<sup>TH</sup>, 14<sup>TH</sup>, AND 21<sup>ST</sup>

Every fall Florida State University participates in the recognition of postdoctoral scholars in conjunction with the National Postdoctoral Association's celebration of [Postdoctoral Appreciation Week](#) that is the third week in September. This year we will be having a special guest lecturer who is a scientific book author, Dr. Rachel Herz. She will be presenting on her most recent book entitled, "Why we eat what we eat". We are hoping to obtain copies of her book from her editor so we can read it in advance. Her lecture will occur September 18<sup>th</sup>, at 1 pm in Room A211

Psychology. [https://www.amazon.com/Rachel-Herz/e/B001IGLRD4%3Fref=dbs\\_a\\_mng\\_rwt\\_scns\\_share](https://www.amazon.com/Rachel-Herz/e/B001IGLRD4%3Fref=dbs_a_mng_rwt_scns_share). Then on Friday, September 20<sup>th</sup>, will be our Symposium Celebration, including our Annual Poster Competition, 5 Minute Research Competition, and Annual Awards Ceremony. See Photos and Activities from [last year's celebration here!](#) We will be conducting practice sessions for the 5 MR competition from 3 to 5 pm on August 7<sup>th</sup>, 14<sup>th</sup>, and 21<sup>st</sup> so start pulling together your ideas for your 5 minute research elevator speech! Registration for the practice sessions will be opening soon at - <https://opda.fsu.edu/events-workshops/upcoming-events>

### ACCOMPLISHMENTS – ACHIEVEMENTS – RESEARCH

Postdocs, would you like help to disseminate your research, service, and mentoring achievements to a broader audience via the [@FSU Postdocs](#) Twitter account? If you have exciting new findings, just been published, received a grant or award, got hired for a new position, or have other accomplishments you would like to share for yourself or your mentees, please share them with us.

Just send the content to be tweeted to Biological Science postdoc Matt Holding at [mlholding@fsu.edu](mailto:mlholding@fsu.edu) and it will be shared on [@FSU Postdocs](#). Use the following guidelines to prepare your content:

Send links to papers or websites, photos of the activity, or other material that isn't just text. Tweets get more traction if they contain content other than text alone.

Provide less than 280 characters of text for the tweet describing the activity. Include Twitter handles for your colleagues/collaborators where appropriate, if you know them, and any #hashtags to which the tweet can link. We can also retweet content you put out on our own Twitter account if you drop us a line with your Twitter handle and the specific tweet we should retweet.

### TEACHING POSTDOCTORAL SCHOLARS – AUGUST 21 AND 22, 2019

If you are a new teaching postdoctoral scholar on campus, please be sure to register for the PIE Conference so you meet certification as an instructor of record. For more information and registration link for the Fall Semester - <https://pie.fsu.edu/ta-orientationsteaching-conference-trainings>

## **CANCER CONTROL RESEARCH TRAINING PROGRAM**

The University of Rochester Medical Center Cancer Control & Psychoneuroimmunology Laboratory is actively seeking outstanding candidates for their upcoming group of Fellows for 2019. The applicants should be interested in longitudinal studies and clinical trials on translational (e.g. biomarker) symptom science research and/or cancer-related cognitive impairment research to work closely with Dr. Michelle Janelsins (Associate Professor) and her research team. Candidates they are interested in come from a variety of backgrounds including, but not limited to, neuroscience, cognitive science, clinical psychology, epidemiology, clinical trials, applied sciences, and many more.

For more information, and to apply, please click [here](#).

**Materials can be sent directly to Dr. [Michelle Janelsins](#) or Dr. [Gary Morrow](#) (Program Director)**

## **JOBS**

*Below is a sampling of open positions in the United States –*

### **Postdoctoral Positions Available -**

FSU Program in Neuroscience Postdoctoral Research Position. A postdoctoral research position is open and available in the lab of Dr. Alan Spector, Department of Psychology and Neuroscience. For more information, or if interested in applying, please click [here](#) for complete information, or contact Dr. Alan Spector at: [spector@psy.fsu.edu](mailto:spector@psy.fsu.edu).

Looking for motivated Postdocs to research mechanisms involved in regulated remodeling of muscle T-tubule membranes in fly models of human myopathy *with funding for immediate start date!*

For more information, please click [here](#) to view flyer. Please contact Dr. Amy Kiger, Section of Cell & Development Biology University of California San Diego at [akiger@ucsd.edu](mailto:akiger@ucsd.edu).

## POSTDOCTORAL AND RESEARCH SCIENTIST POSITIONS

The Kaczorowski Lab at The Jackson Laboratory is seeking Postdoctoral and Research Scientist Level personnel to investigate mechanisms underlying susceptibility and resilience to normal aging and Alzheimer's disease (<https://www.neuro-central.com/2018/09/19/risk-resilience-understanding-role-genetics-alzheimers-disease/>). Dr. Kaczorowski is an Associate Professor and the Evnin Family Endowed Chair in Alzheimer's Research at the Jackson Laboratory – a research institution specializing in genetics and genomics in order to discover solutions for disease. Projects leverage new translational mouse models, electrophysiology, circuit mapping and genome engineering to decipher how genetic and environmental factors interact to influence learning and memory abilities, cognitive aging, neurodegeneration, and Alzheimer's. Sources of support include NIH, Bright Focus, and The Glenn Foundation for Medical Research, as well as generous philanthropy awards in support of research and innovation in areas of normal aging and Alzheimer's disease.

Exceptional candidates will have the opportunity to apply for the prestigious JAX Scholar award, which supports promising early-career postdoctoral associates conducting cutting edge biomedical and basic biological research at JAX. The award includes an independent research and travel budget and a salary above our standard postdoctoral scale <https://www.jax.org/education-and-learning/pre-and-postdoctoral-program/jax-scholars>.

To apply, please submit (1) a cover letter describing past research accomplishments, research interests, and career goals, (2) a current CV, and (3) the contact information of three references to [catherine.kaczorowski@jax.org](mailto:catherine.kaczorowski@jax.org)

### **Assistant Professor – Department of Biology** (Job number: 10609)

**Tenure-Track position in Developmental Molecular Genetics:** As part of an expansion in molecular genetics research, West Virginia University invites applications for a tenure-track position at the Assistant Professor level in the Department of Biology (<http://biology.wvu.edu>) to begin August 2019. We seek an individual who uses molecular and/or functional genomic approaches to explore integrative questions about development in non-mammalian animal model systems. Applicants should have a broad biology background and strong interdisciplinary skills to develop an externally funded independent research program. Applicants should also have an openness to collaborative research and a desire to contribute to the undergraduate and graduate research and teaching missions of the department. Requirements include a PhD or equivalent degree in biology or a related field, a strong record of scholarly publications, strong post-doctoral experience, excellent written and oral communication skills, and the potential to secure external funding.

WVU, located in Morgantown, is a comprehensive land grant university enrolling about 30,000 students in over 100 degree programs. Our Carnegie Classification is “Doctoral Universities: Highest Research Activity.” The Department of Biology at West Virginia University offers a

diverse, highly productive and well-funded research environment that is highly supportive of new junior faculty. Existing departmental strengths include molecular genetics, behavioral neurobiology, and genomics.

To apply, please visit <https://careers.wvu.edu>, navigate to the position title listed above, and upload a single PDF file including a cover letter, curriculum vitae with a list of publications, a succinct outline of future research plans, and a one page teaching statement. In addition, arrange for three letters of reference to be sent electronically to [WVUBiology@mail.wvu.edu](mailto:WVUBiology@mail.wvu.edu). Review of completed applications will begin on January 21, 2019 and will continue until the position is filled. For more information about the position, contact Kevin C. Daly at [kcdaly@mail.wvu.edu](mailto:kcdaly@mail.wvu.edu). For more information about WVU and the city of Morgantown, WV: <https://biology.wvu.edu/about/jobs/about-morgantown>.

### **Florida College System seeks to fill a position for Executive Director, Florida Student Success Center.**

The Florida Student Success Center (FSSC) serves as an intermediary between colleges, and provides greater opportunities for colleges to collaborate and learn from one another. The Executive Director works under the supervision of the Chancellor of the Florida College System. For more information on the role of the position, qualifications and to apply please, click [here](#).

### **Florida Conservation Corps - Opportunities**

FLCC is recruiting for two exciting project areas.

The mission of the Florida Conservation Corps is to develop natural and cultural resource leaders by connecting them to areas of critical need in conservation, preservation, interpretation and resource based recreation. Click [here](#) to download flyer. For more information about FLCC, please visit their webpage at <https://www.floridastateparks.org/florida-conservation-corps>.

### **Ph.D. level Protein Scientist needed**

QuarryBio (<https://quarrybio.com/>) is an early stage company that is developing a novel, mass spec based approach for *in vitro* measurement of membrane protein binding interactions and structure changes. Our technology will provide a high-throughput alternative to X-ray crystallography and cryo-EM, and can be performed directly on living cells. We are relocating our lab to Tallahassee, and are seeking a Ph.D. level protein scientist to help us finish the development of this new technology and launch commercially.

Essential Skills: Chemical modification of proteins, strong understanding of binding kinetics, sample preparation and LC/MS/MS analysis of proteins (buffer exchange, affinity purification,

reduction/alkylation, and proteolysis). Analysis of bottom-up mass spec data analysis with proteomic search engines. Experience with a variety of basic techniques to assess protein integrity, oligomeric/aggregation state and binding interactions. Mammalian cell culture techniques with an emphasis on plasmid construction, transfection, protein expression/purification, and extraction of proteins from cellular membranes. Adherent and suspension cell culture methods. Ability to work in a fast-paced team-oriented environment.

Helpful skills: SDS-PAGE, SPR, DLS, CD, IF, DSC/DSF, and SEC HPLC analysis. Project management and familiarity with programming languages such as python, R, or java. Protein structure visualization with PyMol or equivalent.

### **Ph.D. level Scientist needed**

We are seeking someone with experience in Mammalian cell culture techniques with an emphasis on plasmid construction, transfection, protein expression/purification, and extraction of proteins from cellular membranes, SDS-PAGE, Western blots. Adherent and suspension cell culture methods. Ability to work in a fast-paced team-oriented environment is a must. Project management a plus.

Please direct inquiries for either job to [eric.graban@quarrybio.com](mailto:eric.graban@quarrybio.com).
