FSU CORONAVIRUS TRAVEL REGULATIONS

In order to keep all FSU travelers safe during business- or research-related travel, all postdoctoral scholars are required to enter travel arrangements into the Concur software effectively immediately. This is with regards to air and train travel, domestic or international, which is supported by FSU funds (example: postdoctoral scholar travel award) or university-managed funds (example: a federal grant). If you have already booked your travel, then you are required to send a copy of your itinerary/ticket to plans@concur.com for full approval. You are encouraged to work with your departmental travel representative when making trip arrangements. If your trip does not use FSU funds or university-managed funds (example: an institution invites you to give a seminar and will be paying for it), the university still requires you to email your planned business itinerary to plans@concur.com, even if you are not using the Concur software for these types of travel activities. Because postdocs represent a predominant international group, you are asked to self-isolate for 14 days following personal travel to countries experiencing the coronavirus or if you have relatives visiting you here that have had possible contact with the coronavirus. For business-related travel, you are currently not permitted to travel to countries that are designated Level 2 and 3 from the CDC. Please check this URL for ongoing updates. https://www.cdc.gov/coronavirus/2019-ncov/travelers/index.html

Questions can be directed to travel@admin.fsu.edu

FSU POSTDOCTORAL SPRING EVENT – MAY 15TH

NOTE THE NEW DATE!!

The Postdoctoral Association is currently planning the Spring Event, which will take place on Friday May 15th from 1-5 pm. The event will be focused on the job application process and will include a session of mock interviews. In order to improve our planning we want to have a rough estimate of the number of attendees per field and which career path are you interested in. Also, we are looking for postdocs who could volunteer as candidates for mock interviews. If you are interested in this opportunity please follow this link https://forms.gle/7juu2CohPowNyQM87 and take a survey in order to let us know what is your area of interest and if you want to volunteer.

Thank you for your time, and we hope to see you at the next Postdoc Social Thursday March 27th from 7pm, see the FB event https://www.facebook.com/events/1013082012393379/

Best,
Gema Hernan, Katy Sparrow, and Lorenzo Ruffani
PDA President, Vice-President, and Spring Event Organizer
ANNOUNCING NEW PAID TIME OFF FOR POSTDOCTORAL SCHOLARS

Starting with your March 6th paycheck, postdocs will start accruing paid time off (PTO) at a rate of 4 hours per pay period. As an employee in this classification, you will become leave eligible effective March 6, 2020, and your first leave accrual will be credited at the conclusion of the pay period. PTO can be applied to any type of leave including sick, vacation, taking care of a family member, or parental. Postdocs will accrue leave up to 104 hours (13 days), after which they will no longer accrue until they take leave. There is no terminal leave.

The Office of Human Resources will host informational session to provide an overview of the policy and time entry processes. Sessions will be held at the Training Center on the following dates and times:

COAL02-0001: Wednesday, March 11, 11:00 a.m. – 12:00 p.m., Room 209
COAL02-0002: Tuesday, March 24, 4:00 p.m. – 5:00 p.m., Room 205 & 209

To register, log into myFSU and navigate to: Employee Self Service > Learning and Development > Request Training Enrollment. Follow the prompts to search and submit your request.

For more information regarding PTO, please see the OPDA website under policies and hiring.

FSU POSTDOCTORAL ASSOCIATION BUDDY PROGRAM

Become a Buddy!

Are you interested in helping new postdocs settle in at FSU? The Postdoctoral Association is looking for current FSU postdocs to volunteer to become a Postdoc Buddy.

Don’t worry – it is not a large time commitment and can really help a new scholar adjust to their new academic community! Postdoc Buddies will be paired with an incoming postdoc to help answer a few questions before their arrival concerning life in Tallahassee and what it’s like to work at FSU. Once the new postdoc arrives, you may show them where to grab a bite or where to find the best hiking trails! It is up to you and your buddy how much to be in contact – from a few emails, to skype calls, to meetings in person. It is a nice way to experience being an academic mentor. If you’re interested in becoming a Postdoc Buddy to help future FSU postdocs settle in, sign up here! You will be notified by the President of the PDA as to your matched buddy.
We are pleased to announce the second year of support for The Provost Postdoctoral Fellowship Program that provides an outstanding opportunity to seek postdoctoral trainees from diverse backgrounds and individuals with a mission to increase diversity and inclusion of our postdoctoral trainees. Our long-term goal is to enhance the diversity of scholars entering faculty positions by providing a competitive and supportive postdoctoral experience as a bridge to the next career level in academia. Please read more about the PPFP program, eligibility, or to submit your application, please see this link - https://opda.fsu.edu/fellowships-and-awards/postdoctoral-fellowships-and-stipend-support/provost-postdoctoral-fellowship.

If you would like to update your information posted from the 2018-2020 season, you can follow the same qualtrics survey to add any new training opportunities to your current profile.

Here is the link to the current faculty profiles for your reference - https://opda.fsu.edu/ppfp-participating-faculty-unit-listing

Individuals interested in applying to be a PPFP Scholar can submit their application materials now. Review of applications will begin at the end of December and continue as a rolling admission process until all positions are filled for the 2020-2022 training period. Applicants will be notified of the status of their admission packet approximately 6 weeks following submission of their materials. Accepted PPFP Scholars can commence their training as early as May 1, 2020 but must start before December 31, 2020.

**BIOLOGICAL SCIENCE/NEUROSCIENCE POSTDOCTORAL MENTORING WORKSHOP & LUNCH**

KIN Life Science Building, room 2057, 12:00 – 1:00 PM, Typically the Second Monday

The theme for fall 2019/spring 2020 is 'Industry, Government and Non-profit jobs for Biologists'

Our 2019-2020 Bio/Neuro Postdoc Workshop and Lunch series starts next week and the theme for this year is 'Industry, Government and Non-profit jobs for Biologists'.

Please mark your calendars for the fall 2019/Spring 2020 postdoc workshops. This is a special, faculty-led monthly workshop for Postdoctoral Scholars hosted by the Department of Biological Science and the Program in Neuroscience. Although the career focus will be directed to the Life Sciences, all Postdoctoral Scholars and senior Graduate Students are welcome.
Sandwiches will be served over the lunch hour during the workshops. Dates, presenters and topics are listed below. For questions, please contact Dr. Kay Jones. No registration required.

ACCOMPLISHMENTS – ACHIEVEMENTS – RESEARCH

Postdocs, would you like help to disseminate your research, service, and mentoring achievements to a broader audience via the @FSU Postdocs Twitter account? If you have exciting new findings, just been published, received a grant or award, got hired for a new position, or have other accomplishments you would like to share for yourself or your mentees, please share them with us. Just send the content to be tweeted to Biological Science postdoc Matt Holding at mlholding@fsu.edu and it will be shared on @FSU Postdocs.

Use the following guidelines to prepare your content:

Send links to papers or websites, photos of the activity, or other material that isn’t just text. Tweets get more traction if they contain content other than text alone.

Provide less than 280 characters of text for the tweet describing the activity. Include Twitter handles for your colleagues/collaborators where appropriate, if you know them, and any hashtags to which the tweet can link. We can also retweet content you put out on our own Twitter account if you drop us a line with your Twitter handle and the specific tweet we should retweet.

CANCER CONTROL RESEARCH TRAINING PROGRAM

The University of Rochester Medical Center Cancer Control & Psychoneuroimmunology Laboratory is actively seeking outstanding candidates for their upcoming group of Fellows for 2019.

The applicants should be interested in longitudinal studies and clinical trials on translational (e.g. biomarker) symptom science research and/or cancer-related cognitive impairment research to work closely with Dr. Michelle Janelinsins (Associate Professor) and her research team. Candidates they are interested in come from a variety of backgrounds including, but not limited to, neuroscience, cognitive science, clinical psychology, epidemiology, clinical trials, applied sciences, and many more.
For more information, and to apply, please click [here](#).

**Materials can be sent directly to Dr. Michelle Janelsins or Dr. Gary Morrow (Program Director)**

**Fellowships**

**Helen Hay Whitney Foundation – Biomedical Research**  
Application deadline: July 1, 2020

**Mathematical Sciences Postdoctoral Research Fellowships (MSPRF)**  
Deadline: October 21, 2020

**Postdoc Research Funding Opportunities in Germany**  
Application deadlines vary

**Index of Postdoc Fellowships in the Life Sciences (Broad Institute)**

**EPA Research Grants**

**EMBO Life Sciences – Short/Long Term Fellowships**

**Jobs**

*Below is a sampling of open positions in the United States – Postdoctoral Positions Available -*

FSU Program in Neuroscience Postdoctoral Research Position. A postdoctoral research position is open and available in the lab of Dr. Alan Spector, Department of Psychology and Neuroscience. For more information, or if interested in applying, please click [here](#) for complete information, or contact Dr. Alan Spector at: spector@psy.fsu.edu.  
Looking for motivated Postdocs to research mechanisms involved in regulated remodeling of muscle T-tubule membranes in fly models of human myopathy *with funding for immediate start date!*

For more information, please click [here](#) to view flyer. Please contact Dr. Amy Kiger, Section of Cell & Development Biology University of California San Diego at akiger@ucsd.edu.

**Postdoctoral and Research Scientist Positions**

Dr. Kaczorowski is an Associate Professor and the Evnin Family Endowed Chair in Alzheimer’s Research at the Jackson Laboratory – a research institution specializing in genetics and genomics in order to discover solutions for disease. Projects leverage new translational mouse models, electrophysiology, circuit mapping and genome engineering to decipher how genetic and environmental factors interact to influence learning and memory abilities, cognitive aging, neurodegeneration, and Alzheimer’s. Sources of support include NIH, Bright Focus, and The Glenn Foundation for Medical Research, as well as generous philanthropy awards in support of research and innovation in areas of normal aging and Alzheimer’s disease.

Exceptional candidates will have the opportunity to apply for the prestigious JAX Scholar award, which supports promising early-career postdoctoral associates conducting cutting edge biomedical and basic biological research at JAX. The award includes an independent research and travel budget and a salary above our standard postdoctoral scale [link].

To apply, please submit (1) a cover letter describing past research accomplishments, research interests, and career goals, (2) a current CV, and (3) the contact information of three references to catherine.kaczorowski@jax.org

Florida College System seeks to fill a position for Executive Director, Florida Student Success Center.

The Florida Student Success Center (FSSC) serves as an intermediary between colleges, and provides greater opportunities for colleges to collaborate and learn from one another. The Executive Director works under the supervision of the Chancellor of the Florida College System. For more information on the role of the position, qualifications and to apply please, click here.

Florida Conservation Corps - Opportunities
FLCC is recruiting for two exciting project areas.

The mission of the Florida Conservation Corps is to develop natural and cultural resource leaders by connecting them to areas of critical need in conservation, preservation, interpretation and resource based recreation. Click here to download flyer. For more information about FLCC, please visit their webpage at [link].

Ph.D. level Protein Scientist needed
QuarryBio ([link]) is an early stage company that is developing a novel, mass spec based approach for in vitro measurement of membrane protein binding interactions and structure changes.

Our technology will provide a high-throughput alternative to X-ray crystallography and cryo-EM, and can be performed directly on living cells. We are relocating our lab to Tallahassee, and are seeking a Ph.D. level protein scientist to help us finish the development of this new technology and launch commercially.
**Essential Skills:** Chemical modification of proteins, strong understanding of binding kinetics, sample preparation and LC/MS/MS analysis of proteins (buffer exchange, affinity purification, reduction/alkylation, and proteolysis).

Analysis of bottom-up mass spec data analysis with proteomic search engines. Experience with a variety of basic techniques to assess protein integrity, oligomeric/aggregation state and binding interactions. Mammalian cell culture techniques with an emphasis on plasmid construction, transfection, protein expression/purification, and extraction of proteins from cellular membranes. Adherent and suspension cell culture methods. Ability to work in a fast-paced team-oriented environment.

**Helpful skills:** SDS-PAGE, SPR, DLS, CD, IF, DSC/DSF, and SEC HPLC analysis. Project management and familiarity with programming languages such as python, R, or java. Protein structure visualization with PyMol or equivalent.

**Ph.D. level Scientist needed**
We are seeking someone with experience in Mammalian cell culture techniques with an emphasis on plasmid construction, transfection, protein expression/purification, and extraction of proteins from cellular membranes, SDS-PAGE, Western blots. Adherent and suspension cell culture methods. Ability to work in a fast-paced team-oriented environment is a must.

Project management a plus. Please direct inquiries for either job to eric.graban@quarrybio.com.

**Oak Ridge National Laboratory Opportunities**

Faculty Opportunities – Summer Research, Sabbatical Research Experiences
https://orise.orau.gov/ornl/faculty/default.html

Postdoctoral Opportunities - https://jobs.ornl.gov/

**National Development Council (NDC)**

NDC seeks to hire part-time, graduate school level interns to assist NDC field staff in planning, implementing, and evaluating Multicultural Lending activities in the south Florida tri-county area – Broward, Dade and Palm Beach counties. We seek candidates who embrace our mission and have passion for community development work.

**Research Scientist Position**

The laboratory of Dr. Marlene Bouvier in the Department of Microbiology and Immunology at the University of Illinois at Chicago has an immediate opening for a Research Scientist or Postdoctoral Associate, based on number of years of research experience after PhD, to play an active role in our ongoing studies of the MHC I antigen processing and presentation pathway, including the ERAP enzymes.
We are seeking a highly motivated and passionate researcher with a rigorous training in molecular immunology, biochemistry, or related fields and advanced hands on experience in biochemical assays and biophysical techniques such as SPR, fluorescence anisotropy, electrophoresis, as well as skills in maintenance of mammalian cells and protein expression/purification.

For immediate consideration, please submit a cover letter to mbouvier@uic.edu and a complete resume. Visit our lab website for more information: https://mbouvier8.wixsite.com/marlenebouvierlab

For more information, please visit: https://ndconline.org/wp-content/uploads/2016/01/NDC-Fellow-Job-Description-Florida.pdf

Assistant Professor – Department of Health Promotion, Education and Behavior-FAC00065P019
University of South Carolina, Columbia, SC

Research Scientist 1-Job ID: 57198
Charles River Laboratories, Shrewsbury, MA

Assistant Professor – Center for Skeletal Biology
Baylor College of Medicine, Houston, TX

People Research Scientist
Twitter, Atlanta, GA

Assistant Professor – Division of Infectious Diseases
University of Arizona, Tucson, AZ

Visiting Research Scientist, Health Sciences-Job ID: 129911
University of Illinois at Chicago, Chicago, IL

Assistant Professor of Geography- Department of Geology & Geography
Georgia Southern University, Statesboro, GA

Assistant Professor of Research – Center for Craniofacial Molecular Biology
University of Southern California (USC), Biomedical Sciences

Assistant Professor – Clinical Occupational Therapy
University of Southern California, Occupational Therapy

Assistant Professor – Research Emergency Medicine
University of Southern California, Department of Emergency Medicine

Clinical Assistant Professor – Pediatrics
University of Southern California, Department of Pediatrics

Below is a sampling of open positions around the world -
Canada: Assistant Clinical Professor – in Pharmacy & Pharmaceutical Science
University of Alberta, Faculty of Pharmacy & Pharmaceutical Sciences

Tenure Track Assistant Professor – Biomedical or Electrical Engineering
University of Guelph, School of Engineering/Biomedical Engineering

Assistant Professor – REHAB Occupational Therapy
University of Alberta, Department of Occupational Therapy

Assistant Professor – Microbial Science & Micro/Nanomaterials
University of Calgary Canada First Research Excellence Fund

Assistant Professor – Department of Medicine
University of Alberta, Faculty of Medicine & Dentistry

Assistant Professor – Division of Developmental Pediatrics
University of Alberta, Faculty of Medicine & Dentistry

Staff Scientist in Hematology Research
Keenan Research Centre for Biomedical Research of St. Michael’s Hospital

Japan: Assistant Professor in the Graduate School of Biomedical & Health Sciences
Hiroshima University, Graduate School of Biomedical & Health Sciences

Assistant Professor in Medical Education, Pharmacology, Neuroscience
Hiroshima University, Graduate School of Biomedical & Health Sciences

Norway: Head Engineer at Electron Microscopy Core Facility
University of Oslo, Department of Biosciences (IBV)

Singapore: Assistant Professor for Bio-Behaviorist
Duke NUS Medical School, Academic Medicine Research Institute

Assistant Professor – Center for Aging Research & Education
Duke NUS Medical School, Center for Aging Research & Education

South Africa: Associate Researcher in Clinical Micro Infectious Diseases (CMID)
Wits University, School of Pathology, Johannesburg, ZA
